

Appl. No. 10/690,122
Amdt. dated May 13, 2004

REMARKS

The present amendment replaces the term "resolver" with the term "evaluator." No new matter is added.

The previous preliminary amendment in this matter amended the claims to include a set of system and method claims which do not require test answer sheets that are electronic representations of scanned images, but rather include any type of data which can be represented and displayed by a computer system over a distributed computer network.

CONCLUSION

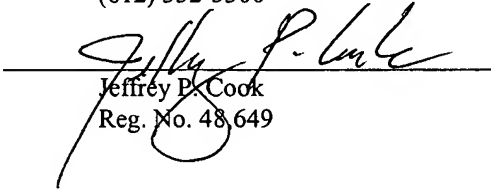

Applicants respectfully request entry of this amendment. The Examiner is encouraged to contact Applicants' representative if such contact would be helpful.

Respectfully submitted,
